Peaceful Action

Share this message everywhere on social media, email, etc. **EVERYWHERE.**

The **FreedomConvoy** Truckers have stood up for us, in the cold, away from their families, and have shown the world what Canadians are made of. Let's all be Canadian again. Police have started to warn of arrests and further take away the Truckers' ability to make a living and support their families, and ours.

Let's let law enforcement know that we support the truckers.

Remind them they have families too.

Remind them to keep their oath to the people and be **Canadian** again.
