

How to Send the Open Letter to Post-Secondary Institutions

October 2, 2022

Dear Student,

It is our hope here at Take Action Canada, along with the leaders across Canada who have endorsed the Open Letter, that the tools provided will assist you and your colleagues in attaining medical freedom.

How to send the Open Letter to post-secondary institutions:

1. Download the writable PDF
2. Fill in required information on pages 1 and 5
3. Email Open Letter and be sure to:
 - a. Request both a delivery and read receipt
 - b. Blind Copy (Bcc) universitywatch@takeactioncanada.ca (this will allow our team to log all post-secondary institutions that have been served by students across Canada)
4. Important note:
 - a. Please forward all responses you receive to universitywatch@takeactioncanada.ca
 - b. Please include in the subject line: Name of Post-Secondary Institution, "response"
 - c. Responses across the country will be consolidated, analysed, and aggregated into a final report.

If you have any questions, our team is here to help. Contact: universitywatch@takeactioncanada.ca

Kindest regards,

Take Action Canada Team
