### CANADA MUST EXIT THE W.H.O

The World Health Organization (W.H.O.) wants to become a legislative authority instead of an advisory board, giving them extraordinary powers. Behind the scenes, there are two significant developments underway that will impact our individual and national sovereignty.

1. **Proposed Amendments to the International Health Regulations**
2. **Proposed Pandemic Response Treaty**

The level of control that would result from these changes should alarm every individual on our planet and is why we all need to contact our parliamentary representatives!

Amendments to the International Health Regulations (IHR) *actually REMOVE the following text from Article 3* of the existing IHR, 3rd edition (2005), which tells us that our human rights and freedoms are being undermined:

*"with full respect for the dignity, human rights and fundamental freedom of persons"*

### THE TOP TEN REASONS TO OPPOSE THE AMENDMENTS TO THE INTERNATIONAL HEALTH REGULATIONS

1. **CHANGE FROM ADVISORY TO MANDATORY:** Change the overall nature of the World Health Organization from an advisory organization that merely makes recommendations to a governing body whose proclamations would be legally-binding. (Article 1 and Article 42)
2. **POTENTIAL RATHER THAN ACTUAL EMERGENCIES:** Greatly expand the scope of the International Health Regulations to include scenarios that merely have a "potential to impact public health." (Article 2)
3. **DISREGARD FOR DIGNITY, HUMAN RIGHTS AND FREEDOMS:** Seek to remove "respect for dignity, human rights and fundamental freedoms of people." (Article 3)
4. **ALLOCATION PLAN:** Give the Director General of the WHO control over the means of production through an "allocation plan for health products" to require developed states parties to supply pandemic response products as directed. (Article 13A)
5. **MANDATORY MEDICAL TREATMENTS:** Give the WHO the authority to require medical examinations, proof of prophylaxis, proof of vaccine and to implement contact tracing, quarantine and TREATMENT. (Article 18)
6. **GLOBAL HEALTH CERTIFICATES:** Institute a system of global health certificates in digital or paper format, including test certificates, vaccine certificates, prophylaxis certificates, recovery certificates, passenger locator forms and a traveller's health declaration. (Articles 18, 23, 24, 27, 28, 31, 35, 36 and 44 and Annexes 6 and 8)
7. **LOSS OF SOVEREIGNTY:** Would empower the Emergency Committee to override decisions made by sovereign nations regarding health measures and would make the Emergency Committee's decisions final. (Article 43)
8. **UNSPECIFIED, POTENTIALLY ENORMOUS FINANCIAL COSTS:** Redirect unspecified billions of dollars to the Pharmaceutical Hospital Emergency Industrial Complex with no accountability. (Article 44A)
9. **CENSORSHIP:** Greatly expand the World Health Organization's capacity to censor what they consider to be mis-information and dis-information. (Annex 1, page 36)
10. **OBLIGATIONS OF DUTY TO COOPERATE:** Creates an obligation to build, provide and maintain IHR infrastructure at points of entry. (Annex 10)
