## Will the Proposed Amendments to the International Health Regulations (IHR) Jeopardize Your Rights and Freedoms?

The World Health Organization (W.H.O.) wants to become a **legislative authority** instead of an **advisory board**, which would give them extraordinary powers to make decisions about our health and our way of life. **BEHIND THE SCENES**, significant developments are underway that will impact our individual and national sovereignty...developments we have not heard about in mainstream media.

**The WHO's proposed amendments to the IHR are just one of the many plans being developed that will put our basic human rights and freedoms at risk!**

The level of control that would result from these changes should alarm every individual on our planet and is why we all need to contact our parliamentary representatives!

Please take the time to educate yourself so you can gain an understanding of the urgent need to **TAKE ACTION** and the importance of sharing this information.

### HOW TO TAKE ACTION

- Learn more at **Canada Exits the WHO** (website link below)
- Contact your MP/Govt Officials
- Educate yourself & others
- Share & distribute this flyer
- [StopTheWHO.com](http://StopTheWHO.com)
- [ExitTheWHO.com](http://ExitTheWHO.com)

One example of the hundreds of proposed changes

Amendments to the International Health Regulations (IHR) **actually REMOVE the following text from Article 3** of the existing IHR, 3rd edition (2005), which tells us that our human rights and freedoms are being undermined:

*"with full respect for the dignity, human rights and fundamental freedom of persons"*

## TOP TEN REASONS TO OPPOSE THE AMENDMENTS TO THE INTERNATIONAL HEALTH REGULATIONS

1. **CHANGE FROM ADVISORY TO MANDATORY:** Change the overall nature of the World Health Organization from an advisory organization that merely makes recommendations to a governing body whose proclamations would be legally-binding. (Article 1 and Article 42)
2. **POTENTIAL RATHER THAN ACTUAL EMERGENCIES:** Greatly expand the scope of the International Health Regulations to include scenarios that merely have a "potential to impact public health." (Article 2)
3. **DISREGARD FOR DIGNITY, HUMAN RIGHTS AND FREEDOMS:** Seek to remove "respect for dignity, human rights and fundamental freedoms of people." (Article 3)
4. **ALLOCATION PLAN:** Give the Director General of the WHO control over the means of production through an "allocation plan for health products" to require developed states parties to supply pandemic response products as directed. (Article 13A)
5. **MANDATORY MEDICAL TREATMENTS:** Give the WHO the authority to require medical examinations, proof of prophylaxis, proof of vaccine and to implement contact tracing, quarantine and TREATMENT. (Article 18)
6. **GLOBAL HEALTH CERTIFICATES:** Institute a system of global health certificates in digital or paper format, including test certificates, vaccine certificates, prophylaxis certificates, recovery certificates, passenger locator forms and a traveller's health declaration. (Articles 18, 23, 24, 27, 28, 31, 35, 36 and 44 and Annexes 6 and 8)
7. **LOSS OF SOVEREIGNTY:** Would empower the Emergency Committee to override decisions made by sovereign nations regarding health measures and would make the Emergency Committee's decisions final. (Article 43)
8. **UNSPECIFIED, POTENTIALLY ENORMOUS FINANCIAL COSTS:** Redirect unspecified billions of dollars to the Pharmaceutical Hospital Emergency Industrial Complex with no accountability. (Article 44A)
9. **CENSORSHIP:** Greatly expand the World Health Organization's capacity to censor what they consider to be mis-information and dis-information. (Annex 1, page 36)
10. **OBLIGATIONS OF DUTY TO COOPERATE:** Creates an obligation to build, provide and maintain IHR infrastructure at points of entry. (Annex 10)
